

Welcome to EWI

MEMBER BENEFIT GUIDE

EWI[®]

We Manufacture Innovation

Start using your benefits today!

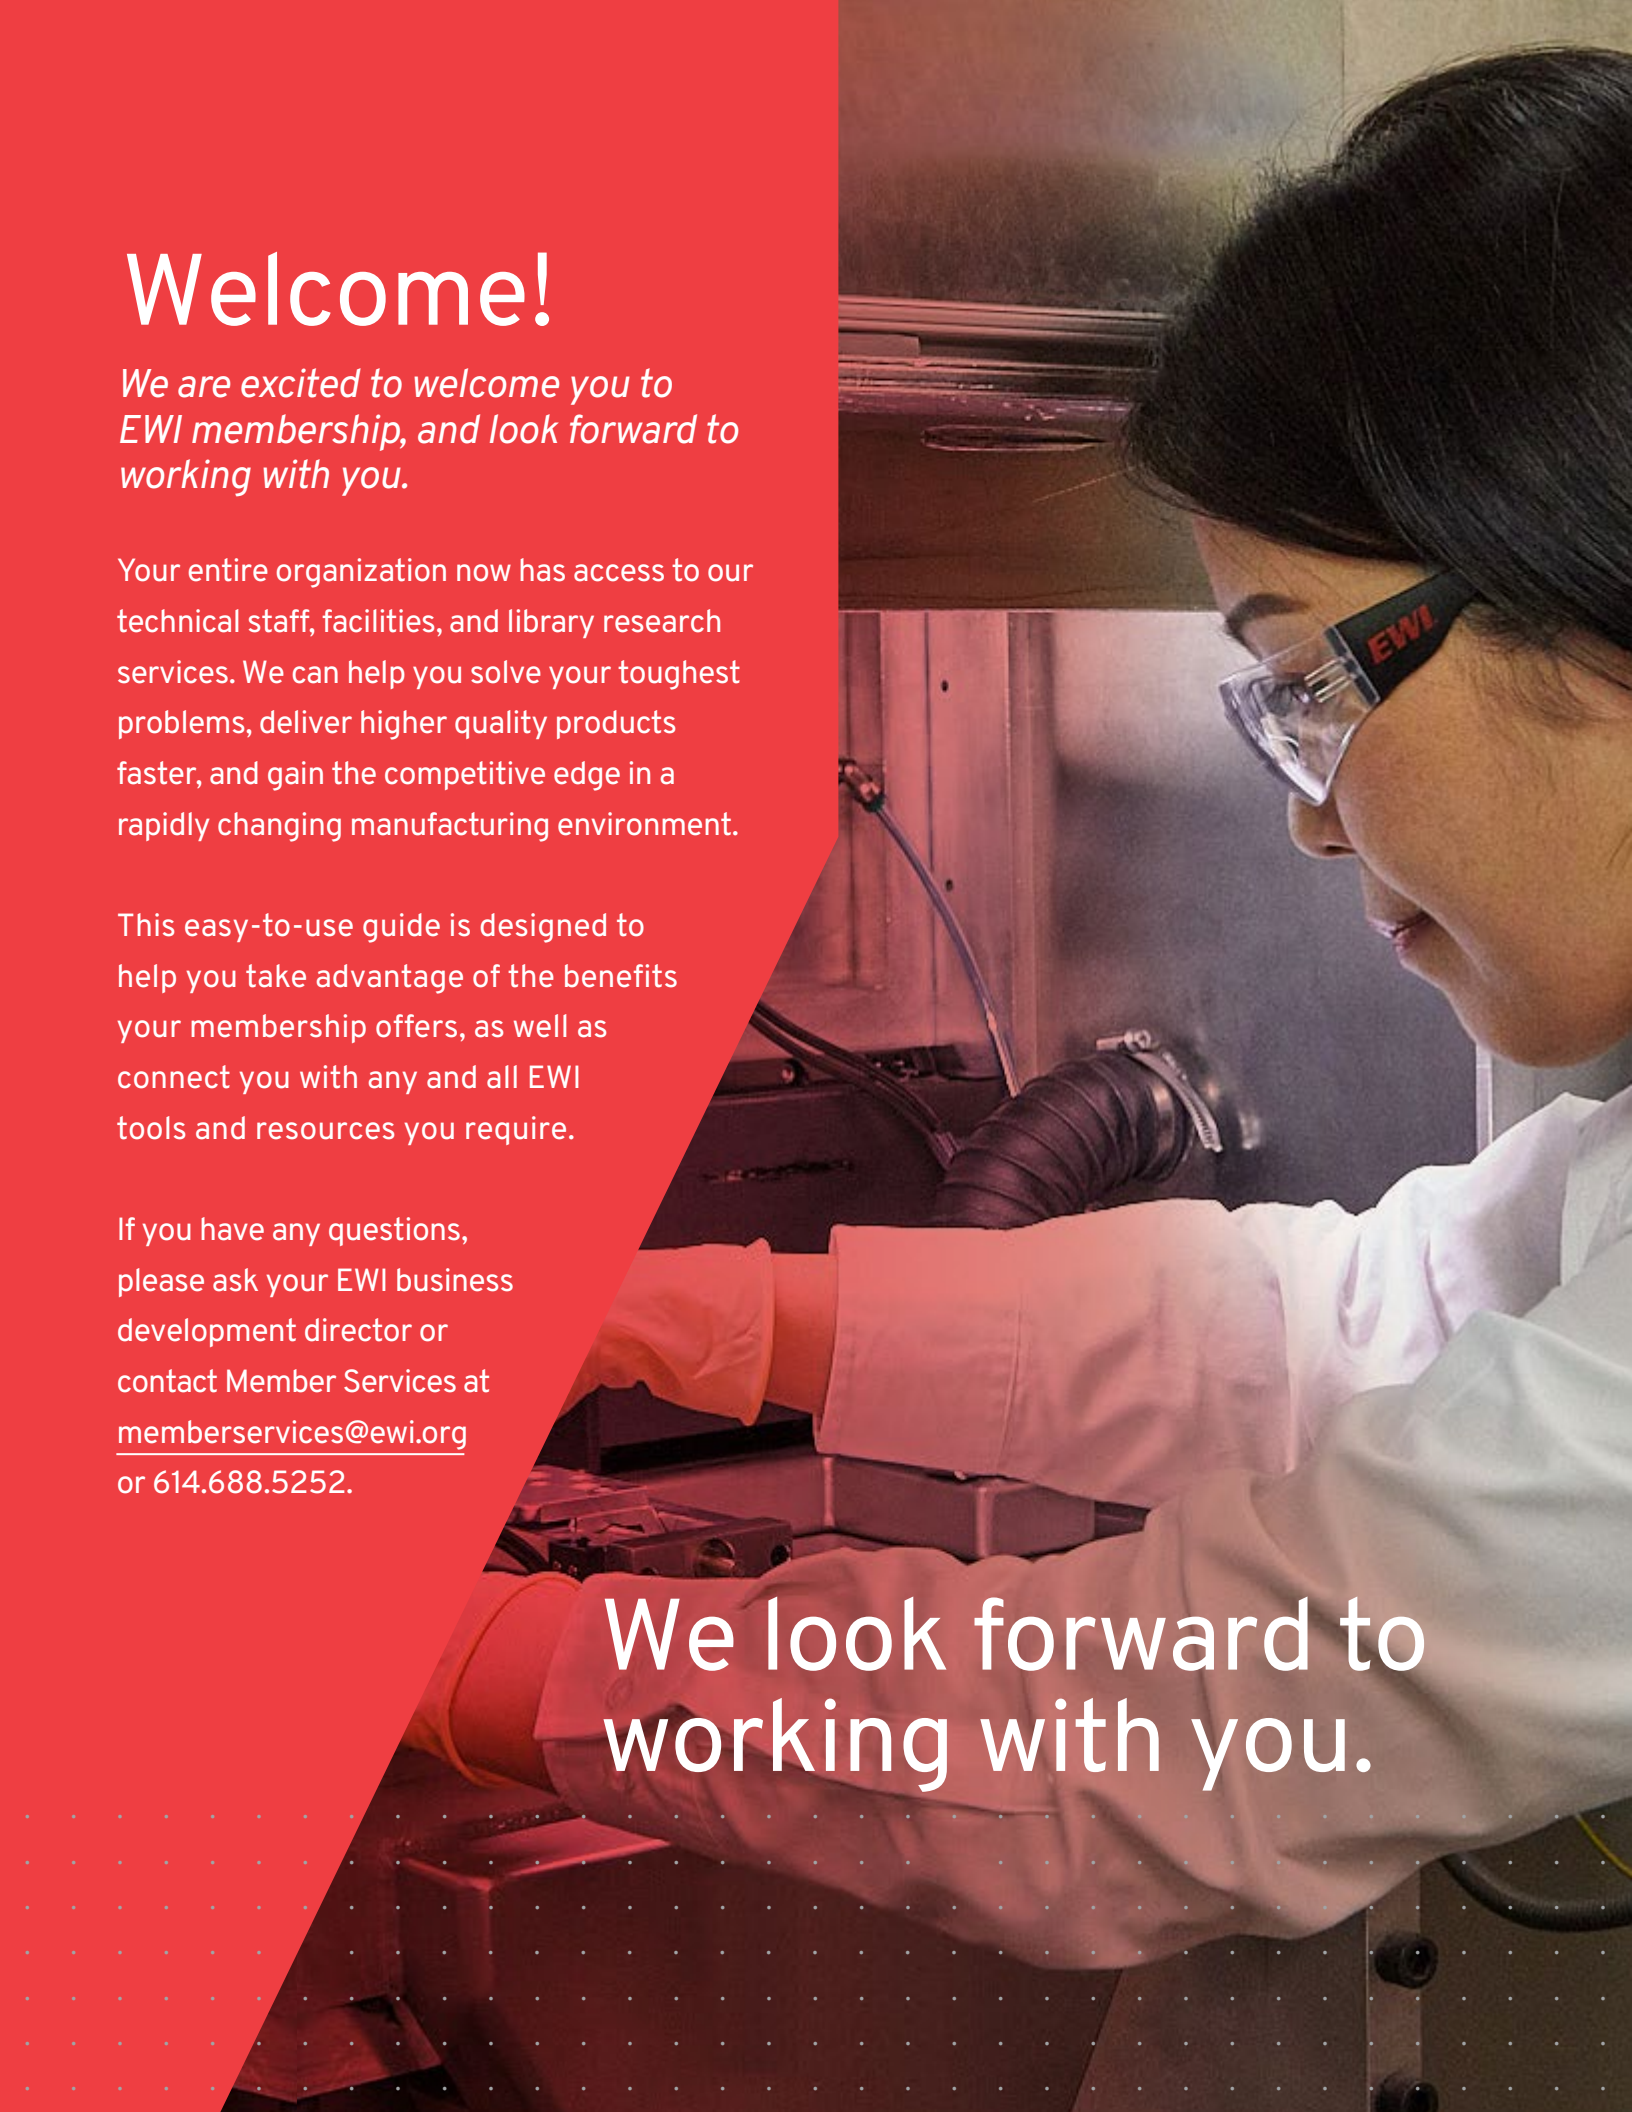

Welcome!

We are excited to welcome you to EWI membership, and look forward to working with you.

Your entire organization now has access to our technical staff, facilities, and library research services. We can help you solve your toughest problems, deliver higher quality products faster, and gain the competitive edge in a rapidly changing manufacturing environment.

This easy-to-use guide is designed to help you take advantage of the benefits your membership offers, as well as connect you with any and all EWI tools and resources you require.

If you have any questions, please ask your EWI business development director or contact Member Services at memberservices@ewi.org or 614.688.5252.

A woman with dark hair, wearing a white lab coat and safety glasses with 'EWI' on the side, is focused on working with a piece of industrial equipment. The background is a blurred industrial setting. The entire image has a red overlay on the left side where the text is located.

We look forward to working with you.

EWI—Helping industry leaders identify,
develop, and implement the best
technology solutions for their product
applications since 1984.

.....

Our Services

Since 1984, EWI's comprehensive engineering services have helped companies identify, develop, and implement the best options for their specific applications. Backed by unmatched professional expertise, state-of-the-art lab facilities, and technology resources, we offer customized solutions that deliver game-changing results.

ADVISORY SERVICES

EWI helps you IDENTIFY the best options to solve your challenge with advisory services from engineering experts with a broad range of technical expertise.

TECHNOLOGY DEVELOPMENT SERVICES

EWI has wide-ranging, in-house resources to DEVELOP the right technical solution for your application.

IMPLEMENTATION SERVICES

EWI can provide you with support to IMPLEMENT new processes through system launch and beyond.

PRODUCTION SUPPORT SERVICES

EWI offers PRODUCTION SUPPORT to qualify your materials and processes, guide your staff, and provide onsite assistance as needed to ensure high standards.

RESEARCH & CONSORTIA

Join one or more of EWI's RESEARCH initiatives to connect with pre-competitive R&D programs across industry, academia, and government.

TESTING & LAB SERVICES

With precision equipment and a world-class engineering team, EWI offers a full range of TESTING. Our experts seek out the root causes to help you manufacture the highest quality product.

PROFESSIONAL TRAINING

An array of technical manufacturing training courses are offered through the EWI SKILLFORM CENTER. Classes are designed to enhance technology knowledge, improve skills, and upgrade your company's internal expertise.

OUR CAPABILITIES

ADDITIVE MANUFACTURING ■ ADVANCED AUTOMATION ■ STRUCTURAL INTEGRITY & DESIGN
METAL FORMING ■ NDE & INSPECTION ■ TESTING & LABORATORY SERVICES
WELDING & JOINING

INDUSTRIES SERVED

AUTOMOTIVE ■ AVIATION ■ CONSUMER & MEDICAL PRODUCTS ■ ENERGY
CONSTRUCTION, AGRICULTURE & RAIL ■ INDUSTRIAL PRODUCTS ■ SPACE & DEFENSE

Member Central

Your gateway to membership benefits

Member Central is your online hub for all EWI member benefits. Everything you need is available in one place. On our secure portal, you'll have access to:

- The EWI Research Library
- In-person and virtual Design Reviews
- Technical Inquiry services
- Valuable members-only tools and research resources
- And much more

SIGN UP FOR MEMBER CENTRAL ACCESS NOW

EWI Library Services

Our customer satisfaction
rate for library services is: **97%**

Anna Lottman,
Research Library Manager

Need a quick answer to a specific question?

Put our research librarians to work!

Whatever it is you are looking for, no matter how obscure, EWI librarians will help you find exactly what you need.

Our research experts have access to information resources that go far beyond our collection on the Member Central site.

“The literature search was superb. EWI’s librarians found things that my library couldn’t find.”

-Discipline Leader at a major oil company

CONTACT LIBRARY NOW

Literature Searches and Retrievals

*Global content
at your fingertips*

EWI Librarians access

leading scientific databases, providing you with relevant abstracts for your research. When you request technical papers, we'll submit copyright royalties on your behalf—all covered as part of your company's EWI membership.

- EWI Librarians sift through more than **30 million abstracts** to find the information you need
- Fast delivery of requested papers, usually sent electronically
- Do-it-yourself **24/7 Access**—Browse, view, and request, from our selections of EWI publications and citations on Member Central

Design Reviews

Your challenge, our team, together in one room

With an interdisciplinary team of experts on your side, we work to find solutions to your problems. Bring us your design question, production problem, or manufacturing process challenge, and we'll match you up to a team of some of the world's best engineers and technicians to help.

Each review consists of a face-to-face or virtual 4-hour consultation with engineers who are best suited to discuss your specific needs and provide confidential recommendations. We can help you with:

Manufacturing process evaluation

Material selection

Computational modeling

Equipment specifications

Fitness-for-service testing

In-plant assessments

Technical Inquiries

Your direct link to the experts

Do you have a pressing technical issue, unsolved problem, or challenging goal?

Our experts are here for you.

As a member, you have access to 100+ engineers with expertise in materials, design, processes, methods, and advanced technologies used in the manufacturing industry. Discuss any issue, problem, or goal of your business, and save thousands of dollars a year by tapping into their expertise.

- Place inquiries anytime [via email](#), phone, 614.688.5252 or by completing the [Technical Inquiry form](#) on EWI Member Central

EWI Members-only Publications

Henry Cialone
EWI CEO

THE INSIDE STORY

Several times a year, CEO Henry Cialone shares his unique perspective on industry, research, and innovation, and discusses EWI's efforts to advance the state of manufacturing.

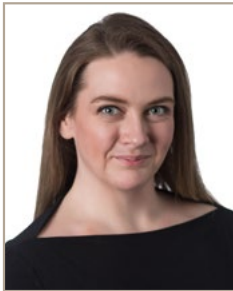

TECHNICAL INSIGHTS

Every other month, you receive our *Technical Insights* newsletter and learn about new developments, methods, and breakthroughs directly from EWI engineers and researchers.
