

It's time to share your most exciting, innovative and successful AM experiences and research

AMC Fall Meeting Call for Presentations
Gaithersburg, MD, November 2-3, 2016

AMC members and guests are invited to submit presentation abstracts for the members' meeting and general meeting.

AM Presentation Topics:

- In-Process Quality Control
- Post-Process Inspection
- Material Development and Characterization
- Advancements for Manufacturing Machines
- Design for Additive/Technology Application

Audience

The conference audience consists of Aerospace engine manufactures, air framers, AM system manufactures, powder manufactures, software manufactures, government research facilities, universities, and AM technical service providers.

Abstract Submission

Each abstract is limited to 300 words. All abstracts must be submitted to the Membership Development Manager, Linda Holmes, at lholfmes@ewi.org by September 16, 2016. Submitters will be notified of acceptance, regret, or waitlisted by October 1, 2016

Presenters are encouraged to include a photograph and a bio at the time abstracts are submitted. Bios are limited to a maximum of 100 words

Presentation Guidelines

Each presentation in a technical session will have 30 minutes. The AMC recommends allotting 20 minutes for the presentation and 10 minutes for questions and answers. Include in-depth information on your projects, including challenges faced, lessons learned, and specific innovations incorporated.
