

EWI Visitor Safety/Covid-19 Guidelines

The health and safety of our guests are of the utmost importance. We are following the [CDC guidelines](#) on mitigating the potential for spread as well the most recent state and local edicts on working in a facility. If you are visiting our facility, you are required to adhere to the following at all times:

- All EWI visitors must wear masks. Paper masks are available at the front desk if guests arrive onsite without a proper face covering.
- Maintain six (6) feet of distance between people at all times where possible.
- Record your temperature daily in a log and have it available for a check if necessary if going to an EWI facility.
- Please wash or sanitize your hands both when you walk in the building and when you leave the building.
- Sneeze or cough into the sleeve of your clothing at your elbow or a disposable tissue.
- Abide by signage and/or other barriers in place limiting walk throughs and foot traffic in labs in certain areas.

If any of the following apply to you or your live-in family, we ask that you not visit the EWI premises:

- If you have been exposed to family, friends or acquaintances who have themselves been exposed to Covid-19 or show symptoms of any respiratory disease, please notify us and work from home until there is confirmation that those individuals are NOT infected with Covid-19
- If you have symptoms of acute respiratory illness, stay home until you are free of fever or symptoms (without the use of medication) for at least 72 hours (three (3) full days) AND symptoms have improved for at least 72 hours AND at least seven (7) days have passed since symptoms first began
- If you exhibit any symptoms that are attributable to respiratory illnesses while on-site at EWI we will ask you to leave and seek medical attention; you may return under the conditions described in the above bullets
